

# Academic Skills Self-Appraisal

---

## Step 1:

Read each statement on the next page and check the box that best describes your typical behavior.

## Step 2:

Review the appraisal according to the following sections to determine your academic skill areas of strength or areas that need improvement.

Affective skills	Statements 1-15
Academic skills	Statements 16-30

## Step 3:

Discuss your results with a partner and your teacher. Talk about your areas of strength and how they can help you on the job. Talk about the areas you can improve and why. Then, work with your instructor to develop a plan to strengthen those areas you need for success. One part of your plan will be to learn more about how to apply specific strategies to improve your academic achievement.
